BIG LANDSLIDE FOR THE IDLE HOUR THEATRE

Mirror Screen Will Always Win Watch Tomorrow Night

Big Democratic Landslide WILSON OUR NEXT PRESIDENT

Woodrow Wilson Elected President by a Majority of 465 Electoral Votes

Woodrow Wilson is the peoples choice by the largest majority that ever elected a President except one time and that was in 1908 when Roosevelt defeated Bryan.

The total number of electoral votes cast for Wilson was 498 out of a possible 531, for Roosevelt 20, for Taft 13. The result not in doubt at any time after the returns began coming. It was Wilson from the start.

Hallowe'en Party

Jack Whitford entertained a number of his little friends at a Hallowe'en Party last Thursday evening at his home on S. Main street. The house was beautifully decorated in colored lights giving it the ghostly appearance of the occasion. Although the rain interfered with some of the program which was planned, the little host, furnished an abundant supply of amusement which the guests enjoyed. Among some of the features were a pumpkin contest which was won by Miss Laura Tarker, and the best disguised ghost prize was won by Baulah Travis.

The little folks who ventured out to enjoy the evening were Misses Sarah Featherston, Thelma King, Sarah Crutchfield, Lena Davis, Aileen Fox, Laura Parker, Florella Wright, Mary Martin, Susan Marie Crutchfield, Margaret Dudley, Janie Ford and Grace Haden, of Texas, Jimmie D. Emderton and Gladys Whitford. Masters Tommie Featherston, Carl Umstead, Baulah Travis, Rex Hampy, Maun Oldham, Harold Oldham, Nelson McCreary, Eugene Witherspoon, Malcolm Stokes and Lonnie D-shon.

After an evening of fun and frolic lunch was served and all returned home tired but happy.

INSTALL NEW MIRROR SCREEN

A New Glass Curtain Recently Invented and Patented Has Just Been Installed

AT THE IDLE HOUR THEATRE

Mr. Walker, manager of the Idle Hour Theatre, has again shown his enterprise and his solicitude for the comfort and pleasure of his patrons by the installation of a "MIRROR SCREEN" into his beautiful Motion Picture Theatre. The "Mirror Screen" is a new invention whereby Motion Pictures are made bright, brilliant and clear and at the same time the light is softened and diffused so that the pictures are most delightful, pleasant and agreeable to the eyes. Sometimes people complain that the pictures hurt their eyes. This is completely eliminated by the use of the "MIRROR SCREEN," which is in reality a most beautiful and costly Mirror, manufactured and scientifically treated to reflect motion pictures in an entirely different appearance from the usual way. Its innovation is practically transforming the motion picture business, bringing them to greater popularity. The "MIRROR SCREEN" can only be seen exclusively at the Idle Hour Theatre and it will pay everyone to call and note the wonderful difference produced by this new method of projecting Motion pictures.

There could be no better medicine than Chamberlain's Cough Remedy. My children were all sick with whooping cough. One of them was in bed, had a high fever and was coughing up blood. Our doctor gave them Chamberlain's Cough Remedy and the first dose eased them, and three bottles cured them," says Mrs. R. A. Donaldson, of Lexington, Miss. For sale by all Dealers.

The Home Influence.

"Henrietta," said Mr. Meekton. "What is it, Leonidas?" "Suppose I stay at home and economize in order to facilitate your public career and employ my leisure hours in assisting you with your speeches and magazine articles?"—"Well?" "When you are prominent in public affairs, will you be one of those who candidly admit that they owe everything to their husbands?"—Washington Star.

PRESCRIPTION

For a Long Life.

This is the prescription for a long life given by an old gentleman in Connecticut, who is ninety-nine years old and still well and cheerful. "Live temperately, be slow to anger, don't worry, take plenty of exercise in the fresh air, and, above all, keep cheerful."

Should the system get run down—digestive organs weak—the blood thin and sluggish, take Vinol, which is a delicious combination of the medicine—body-building properties of cods' livers, with the useless grease eliminated and tonic iron added. We regard Vinol as one of the greatest body-builders and strength-creators in the world for aged people.

Mrs. Mary Ivey, of Columbus, Ga., says: "If people only knew the good Vinol does old people, you would be unable to supply the demand; it is the finest tonic and strength-creator I ever used."

We wish every feeble old person in this vicinity would try Vinol on our agreement to return their money if it fails to give satisfaction. Sold by ST. BERNARD MINING CO., Incorporated, Drug Department.

Painful Discovery.

"Well," said the dentist as with a steel instrument he tapped Mr. Ackin's tooth, "I told you when I put that crown on that it might give you trouble. I never guarantee a crowned tooth." "Oh, I know. I wish I'd had the blame thing pulled!" moaned Mr. Ackins sadly. "I've found out to my sorrow that uneasy rests the tooth that wears a crown!"

Lost and Found.

The ferryman, whilst plying over a water which was only slightly agitated, was asked by a timid lady in his boat whether any persons were ever lost in that river. "Oh, no," said he, "we always find 'em agin, the next day."—Life.

Pay for What You See.

Theaters in Havana, according to an exchange, have a system by which patrons pay for a seat for one act, and if pleased, pay for another act, and so on to the end of the performance. By this method a playgoer may keep on trying different theaters till he finds a play to his liking, and spend for his various "samples" only the price that he would pay for one ticket, according to our plan.

Flagged Train With shirt

Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50c at all Druggists.

Always the Safest Road.

Though sometimes what is called "a happy hit" may be made by a bold venture, the common half-way of steady industry and application is the only safe road to travel.—Samuel Smiles.

Matter of Diet.

"How do you tell the difference between a yacht and a sailboat?" said the girl with the inquiring mind. "By lookin' into the pantry," replied Captain Cleet. "If she carries plenty of refreshments and seagars, she's a yacht. If it's mostly plain victuals she's a sailboat."—Washington Star.

Queue Wearers Boycotted.

At the market, Kuala Lumpur, sellers wearing queues are left severely alone by queueless buyers, while on several of the estates the few coolies wearing queues who remain are afraid to go into the towns and villages to buy things. On one estate, it is said, the Chinese who still have the appendage are actually purchasing their rice from the Tamil coolies employed there.—Malay Mail.

"Fever caused me to be entirely bald. I had given up all hope of a gain having hair when I was advised to use Herpicide. After two weeks my hair commenced to grow. Now I have the most beautiful head of hair any one ever saw. Praise to Newbro's Herpicide."

This writes Mrs. Howard Bailey, of Bellevue, Mich. We can point to thousands of instances where the proper use of Herpicide has been followed by a remarkable growth of hair. We absolutely guarantee the one dollar size bottles of Newbro's Herpicide.

"The entirely self-centered man is always a man slowly killing himself. Bachelors do not usually live as long as married men; yet no observer of the world would maintain that bachelors really take less care of themselves. No, they are always taking care of themselves; and it is the care that shortens their lives." "In Cotton Wool," by W. B. Maxwell.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Goodness Never Futile.

There is no man so bad, but he secretly respects the good.—Benjamin Franklin.

AN EXPENSIVE UNCLE.

He found his wife crying. "What's the matter, deary?" he asked. "He know it was no fault of his and this made him bold. 'Toll me your troubles, lovey.'" She looked up, her eyes dim with weeping. "For the first time in our married life, dear, I feel inhospitable," she replied. "Go on." "Every year I have invited uncle and auntie to visit us." "Yes?" "This year I cannot ask them." "And why?" "I have just remembered," she said, "that uncle expects to have meat at every meal!" And it was a long time before he could comfort her.

Perish the Thought!

"I suppose you carried out your original intention when you went abroad, Mrs. Leeder, and visited Rome, Venice, Genoa, Vienna, and—" "O dear, no! We visited Roma, Vanetseah, Jennowaugh, Venn, Veertembaig, and ever so many more of those ancient capitals. You must have misunderstood me, Mrs. Jipes."

GOOD CAUSE.

"Then you lost, eh?"

A Trying Moment.

The Work of Time.

"Ten years ago," he complained, "I was denounced as a dangerous radical. Now they are referring to me as a reactionary."

"You ought to give up the habit of changing your opinions."

"But, confound it, I haven't changed them."

A Wretched Place.

"Oh, dear," said the young woman with a weary sigh, as she tossed aside the volume, "I'm so unhappy."

"What's the trouble?" asked the young man.

"There isn't a library in this town where one can get a book that's unfit to read."

His One Accomplishment.

"What's your hurry?" "I've got to dress a chicken today," said the young matron. "Oh, do let me go over and help you," entreated the prospective bride. "I used to love to dress dolls."

ON THE FUNNY SIDE

Bought and Paid For. "You say this is worth \$5," said the wary customer. "Now, do you guarantee that I'm getting \$5 worth of value for my money?"

"Five dollars worth of value!" flashed the bright young clerk. "Why, mister, for every one of them things we turn out there's four middlemen, seventy-eight drummers, five banks, two railroad pools, eighteen advertising agencies, seven lawyers and \$42 hillboards all running up expense accounts and adding value to that there article so fast that the company's practically giving you the 34 cents spent on patent royalties, shop upkeep, raw material and labor."—Puck.

WHAT HE COULDN'T STAND.

Goodly—Sir, I am surprised to hear you swearing at the heat. What will you do in the next world, where there's not a drop of water to moisten your parched—

Growly—Are you sure there's no water there?

"Oh, I haven't saved anything, but I believe in it."

Paris Generous in Tribute.

Paris is generous in statues erected to her heroes. Voltaire, for instance, is honored with four memorials. There are two to Diderot, of "Dictionnaire Encyclopedique" fame. The haughty but melancholy profile of the poet Alfred de Musset is to be seen in three places. Jeanne d'Arc has four statues. Lamartine, statesman, poet and revolutionist, has two effigies.

Program For Arbor Day November 13

At a meeting of the Board of Sinking Fund Commissioners on Oct. 30th in the executive office the following program was adopted for the exercises which will take place on Arbor day, Nov. 13th, in connection with the planting of the trees in the rear of the Capitol building by the Counties.

The exercises will begin at eleven (11) a. m. sharp and will be held on the portico in the rear of the Capitol building.

The program will be as follows:

Invocation—Rev. Jesse Zeigler.

Welcome to the City—Mayor Polsgrove.

Welcome to the Capitol—Gov. McCreary.

Antiquity of Memorial Tree Planting and its Beautiful Sentiment—Judge James Garnett.

Arbor Day and Forestry—Forester J. E. Barton.

Planting of Trees by Public School—President Barker, of State University.

Address—Lieutenant Governor McDermott.

Forest Planting in the Future—Mr. H. F. Hillenmeyer.

Following these exercises each county delegation will adjourn to toss a shovel full of earth on the tree which it has sent, with such other exercises as they may elect.

In the conspicuous little plot of ground formed by the junction of the existing and proposed automobile road Governor McCreary will plant one tree, a Burr Oak, for the State-at-Large, so that standing alone in its solitary splendor it will be a memorial of the kindly feeling which has so long existed between him and the people he has served so well, who hold him in such high regard.

A band will be provided to furnish music during the exercises.

Porto Rico's New Wonder

From far away Porto Rico come reports of a wonderful new discovery that is believed will vastly benefit the people. Ramon T. Marchan of Barcelona, writes, "Dr. King's New Discovery is doing splendid work here. It cured me about five times of terrible cough and colds, also my brother of a severe cold in his chest and more than 20 others, who used it on my advice. We hope this great medicine will yet be sold in every drug store in Porto Rico." For throat and lung trouble there is nothing better. A trial will convince you of its merit. 50c and \$1.00 Guaranteed by all Druggists.

Mortons Gap M. E. Church South

The pastor preached Sunday morning and evening in the Odd Fellows Hall. The evening service was well attended by the young people. One addition to the church. Prayer meeting Thursday evening at the home of Mr. David Hines. All invited.

A Great Building Falls

When its foundation is undermined, and if the foundation of health—good digestion—is attacked, quick collapse follows. On the first signs of indigestion, Dr. King's New Life Pills should be taken to tone the stomach and regulate liver, kidneys and bowels. Pleasant, easy, safe and only 25c at all Druggists.

Beauty in Expression.

If the great number of women who believe that they are sadly lacking in beauty who pass valuable time and money in vainly trying to acquire it could but be brought to realize that the highest form of beauty is that of expression! This is attained by the possession of inward graces, which frequently transform a so-called plain face into one more beautiful and winning than the combination of a perfect complexion and regular features.

They Won't Believe It.

Many people who do not deserve them have good neighbors.

Great Kidney Remedy Saves Two Children in One Family

About one year ago two of my children suffered badly from weak kidneys and diabetes. They would have severe spells of dizziness and were all run down in health. I was just about discouraged. I tried several remedies and finally a doctor, but they did not improve. I knew of a friend who was taking Swamp Root for kidney trouble with good results and I decided to get some for the children. I had noticed that there were some improvement after they had taken two large bottles and continued to give it to them until they had taken one-half dozen bottles and were well on the road to recovery. I think Dr. Kilmer's Swamp-Root has done more for my children than any other medicine I have tried and recommend it to any one having children suffer as mine did.

Very truly yours,

R. W. Lisenby,

Dothan, Ala.

Personally appeared before me, this 2nd day of July, 1909, R. W. Lisenby, who subscribed to the above statement and made oath that the same is true in substance and fact.

A. W. Lisenby, Notary Public.

Letter to Dr. Kilmer & Co. Binghamton N. Y.

Prove What Swamp-Root Will do for You

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing be sure and mention the Earlington Semi-Weekly Bee. Regular fifty cent and one-dollar size bottles for sale at all drug stores.

Actresses for Japanese Stage.

Although a woman is credited as the founder of the Japanese stage, no name of an actress adorns its history—the onnagata has reigned supreme. But the artificial custom of substituting men for women is about to give way to the triumph of modern actresses, and one of the most unique customs of the stage is thus threatened to be superseded by real wearers of petticoats.

Poisonous Metals in Foods.

A pure food investigation by Dr. Carlo Formenti of Milan has dealt with poisonous metals in food supplies. Most metal salts are poisonous, and are liable to occur in acid foods and drinks from chemical action on containing vessels. Lemonade and other acid drinks so popular in America, and even carbonated waters, often contain lead.

One Amounted to Something. King Humbert once visited Florence and at a reception of the aristocracy inquired of each noble present what his occupation was. "Nothing, majesty," was the uniform reply until it came the turn of the Marquis Ghorri, who had lost caste somewhat because of his manufacture of pottery. "I am a potter, majesty," said the marquis in response to the king's question. "Thank God!" cried the king, "there is one noble in Florence who does something."

Stop That Ache!

Any ache or pain in any part of the body can be relieved with Shipps Quick Relief Liniment. \$1.00 reward if it fails and the purchase price is not refunded. Try it and see. 50c at all Druggists.

Strength in Cheerfulness.

Wonderous is the strength of cheerfulness, altogether past calculation its powers of endurance. Efforts, to be permanently useful, must be uniformly joyous—a spirit all sunshine, graceful from very gladness, beautiful because bright.—Carlyle.

Fighting Fish.

The warrior of the fish is the Indian fighting fish, which is well versed in the art of fighting. They fight like a bulldog and would not stop fighting until one is killed. East Indian natives gamble on the result of the fight between two fighting fish, and the fishes are treated just the same as prize bulldogs.

When Glasses Stick.

When two glass tumblers or dishes stick together so that there is danger of breaking in getting them apart, put cold water in the inner one and hold the outer one in warm water, and they will separate at once.

Warts.

Sir Archibald Cockle used to tell a story of a Scotchman, who much against his own will, was persuaded to take a holiday. He went to Egypt and visited the pyramids. After gazing for some time at the Great pyramid he muttered: "Man, what a lot of mason work not to be blighted in any rent!"

Women as Plumbers.

From a note which appears in the columns of the Ironmonger it would appear that no fewer than 150 young women in New York are about to go to school to learn plumbing, carpentering and so forth. They seem to be thoroughly in earnest. The promoters of the school obtained \$50,000 and the services of six teachers with scarcely any effort.

His Inspiration.

Percollum (of the Daily Bread)—"My dear, you are not only my chief incentive to work, but my lifelong inspiration." Mrs. Percollum—"I know I'm your inspiration, all right, Percollum. Whenever I mix a metaphor or make a little mistake in my grammar you turn it into a story and get pay for it."

These Fish Build Nests.

The Paradise fish, which incidentally is clothed in the prison garment of black and white stripes, and the Indian fighting fish are nest builders. They build nests among the mosses and grasses for their eggs. The male fishes of these species take charge of the babies, and the females have nothing to do with their babies.

Reformation Sometimes.

Habits in youth may be controlled and directed, which in the man become the confirmed condition of life. The reformer of old men and women has a profitless and an almost hopeless task.—Joseph Johnson.

Sees With His Fingers.

Jacob W. Holsten, though blind from infancy, will complete a course in medicine in the Chicago College of Medicine and Surgery this month, and intends to follow the practice of medicine as a profession. He laughs at his handicap and says: "There wasn't a nerve, a sinew, a vein, an artery, a tissue that the eye could behold but I could feel with the tips of my fingers. My fingers are as good as eyes. With them I can detect pulsations, irritations, and temperatures instantly."

"I suffered habitually from constipation, Sloan's Liniment relieved and strengthened the bowels so that they have been regular ever since." E. Davis, Grocer, Selthar Springs, Texas.

Work and Sing.

Give us, oh, give, the man who sings at his work! Be his occupation what it may, he is equal to any of those who follow the same pursuit in silent sullenness. He will do more in the same time, he will do it better, he will persevere longer. One if scarcely sensible to fatigue whilst he marches to music. The very stars are said to make harmony as they revolve in their spheres.—T. Carlyle.

Is your infant cross? An irritable, fault finding disposition is often due to a disordered stomach. A man with good digestion is nearly always good natured. A great many have been permanently cured of stomach trouble by taking Chamberlain's Tablets. For sale by all Dealers.
